

Miss Marsh

Hi, my name is Miss Marsh.

I have been teaching Year 3 this last year and I am so excited to meet you all.

I am the Geography subject lead and this will be my third year at Glenfield Primary School.

My favourite subjects to teach are Art and Writing. I really enjoy supporting my pupils to develop my pupils writing skills through the use of variety of different books.

I really like running the craft club at school and I love to create and craft different things.

I am really passionate about children reaching their full potential.

I am looking forward to supporting the Achievers academically, socially and emotionally.

Can't wait to meet you all!
