

Miss Kirby

Hi, my name is Miss Kirby and I am very excited to be teaching in Year 4 again this year! Next Year, I will also be the lower key stage 2 phase leader (years 3 and 4).

As a teacher, it is my goal to make learning fun and enjoyable for everyone. In our classroom, we believe in the power of "yet" – even if you can't do something yet, with effort and determination, you will get there! Mistakes are part of the learning journey and help us grow.

My favourite subjects to teach are Maths, Writing and Science. I enjoy the problem-solving and logical thinking involved in Maths and I love helping children develop their creativity, confidence and communication skills through writing. Science is another passion of mine, as it encourages curiosity, exploration and discovery, helping children to make sense of the world around them. I particularly enjoy practical investigations and the excitement they bring to learning.

Outside of the classroom, I enjoy baking, reading and singing. I love trying new recipes and baking tasty treats to share with friends and family. I also enjoy getting lost in a good book and taking long walks with my dogs.

I'm really looking forward to all the exciting things we'll be doing this year — from new topics and creative projects to fun activities and challenges. We're going to learn so much together and make brilliant memories along the way.

I can't wait to get started and meet you all soon!
