

# Miss Russell

Hi, my name is Miss Russell and I am very excited to be teaching in year 6 again this year!

As a teacher, it is my goal to make learning fun and enjoyable for everyone! In my classroom, I encourage everyone to try their best even if they're finding things challenging. It is okay to make mistakes, that's how we learn and grow. I always say that practise makes progress rather than perfect.

My favourite subjects to teach are: PSHE, Science and History, as I love finding out about how the world works as well as exploring how people in the past once lived. Conducting science experiments are especially interesting because you can see how and why things happen, right in front of your eyes. Outside of the classroom, I enjoy cooking and baking. I often try out new recipes and am always finding new sweet treats to make and enjoy.

Although this year will be filled with lots of hard work, we are going to have so much fun and make many incredible memories.

Have a lovely summer! 😊
