

Miss Johnson

Hello Solvers!

I'm Miss Johnson and I will be your new teacher! Moving to the speech and language provision is a big change for me but I am so excited to get to know you all and have some fun too! My biggest belief is that all children can achieve no matter what their ability. I am extremely passionate about making learning accessible so you can do your absolute best!

My favourite thing to teach is computing and I really look forward to teaching you all about coding and algorithms and maybe even using the rugged robots to apply our new knowledge!

I really like when my classroom feels calm and filled with learning but I also love making time for fun and the odd joke! I am excited for the year ahead, I know we will have a great time!

Have a lovely summer!
