

Mr Squires

Hi, my name is Mr. Squires.

I am the Head of the Speech and Language Provision, Deputy Designated Safeguarding Lead and teacher representative on the school governing body.

This will be my fifth year at Glenfield, and I am really passionate in helping every pupil to reach their full potential. My favourite subjects to teach are Writing and PE because these are the subjects that I enjoyed the most when I was at school.

As well as teaching in Thinkers, I will continue to support all pupils in the Speech and Language Provision by ensuring that our already high standards are maintained, chairing all the annual reviews and being a point of contact for any pupils or adults who require it.

I am really looking forward to continue to support Thinkers pupils to progress academically, emotionally and with their social communication.

Thank you for your continued and future support.
